## PETERS BILLIARDS

"I've always associated Peters Billiards with high-quality products and professional salespeople who were easy to do business with. After buying our billiards table and furniture at Peters, that impression remained intact. I'm very pleased with Peters. We'll be back to buy more."

Jud Coleman  
Peters Billiards Customer

In September 2006, Peters Billiards completed construction of its new 37,000-square-foot retail game room store—one of the largest of its kind in the country. The complete lifestyle store lets customers experience firsthand the game room of their dreams.

Features such as stone fireplaces, a three-story glass atrium, cozy seating areas, and a family arcade with complimentary snacks and beverages transform the typical shopping trip into a total retail experience. Customers will find that the increased showroom space offers numerous opportunities to play with and try out the merchandise, and several fully designed room vignettes provide a constant flow of inspiration and ideas.

Peters has one of the largest collections of billiard tables in the country, including custom-built and antique tables. The store is the exclusive Twin Cities dealer for leading industry brands Olhausen and Brunswick tables. Peters carries a selection of products designed to completely outfit a home's recreation or game room and offers more than 300 styles of kitchen and bar stools on site—the largest selection in the Twin Cities. Other product categories include game tables, electronic games, in-home theater seating, bars and entertainment centers, lighting, jukeboxes, electric fireplaces and artwork.

Trend data show that more and more homeowners are looking for ways to spend additional quality time with family and that for many, a game room is the perfect way to keep everyone close to home. Peters' showroom was designed to reflect this new generation of game rooms and home entertainment spaces.
