Specifications

The sleek and sophisticated design makes it an excellent choice for sectional sofas and spaces where a rectilinear table isn't the answer.

Design Features

A place for everything. Perhaps not always the primary focus of a room, BDI occasional tables shine in their supporting role with their streamlined design, durable construction, and premium finishes.

Showcasing a striking grey-tinted glass top surface artfully floating while affixed to sculptural brushed metal legs, Dino provides a balance of elegance and durability.

Adding to its allure, the tables feature a floating lower shelf, available in distinct finishes, offering an eye-catching element to any living space

Hip to be Triangular

The versatile triangular shape of the 1364 coffee table coordinates with various upholstery sizes and configurations and is ideal for use with a sectional sofa.

Paired to Perfection

The coffee and end tables coordinate harmoniously, creating an appealing table grouping that complements each other beautifully, adding a touch of charm and functionality to any room.

The Good Carbon Footprint

Sleek brushed carbon legs provide sturdy support and add a modern touch to this classic design.
