Details

Description

The Aurora is manufactured using industry best materials and fabric available to provide many years of trouble-free use and enjoyment. Its Infinity Tilt allows you to change positions effortlessly. This modern cantilever is suitable for use in low to moderate wind conditions and ensures hours of protection from the sun and light rain.

Features:

- Full 360°rotation, combined with the Infinity Tilt system, allows for countless tilt angles, providing hours of maximum shade regardless of the position of the sun
- The crank lift is built for commercial use, yet designed for smooth and effortless operation in any environment
- The mast and all critical joints are extruded aluminum, ensuring unmatched strength and durability
- Engineered to withstand 25 MPH winds. Included wind stabilizer kit increases by 5 MPH
- Stainless steel hardware throughout
- Multiple mounting options are available, either permanent or semi-permanent, for installation on any surface

Frame Finish:

MATTE SILVER

Mast diameter: 2.75"x4"

Weight: 105 lbs.

Mounting Options

Properly securing your umbrella is crucial to ensuring years of sun protection and longevity. Frankford's umbrellas are all thoroughly tested and built to ensure durability and longevity, however we do not recommend the use of any non-permanent umbrella in unsafe wind conditions. The size and installation location of your umbrella play a significant role when selecting the base/anchoring method required for safe operation.

XB*
Weight: 48 lbs.
Width: 45"x45"
Height: 5"

ARU-DP*
Weight: 12 lbs.
Width: 12.5"
