Details

Description

With its special angled end, you can even retrieve balls that are under your table or other hard-to-reach places. Also ideal for wheelchair players who can use just the lower half and then place it on their seat or armrest to keep it handy. Whole tube holds twenty-three balls; half tube holds eleven balls. Attach it to the side of table with the included Velcro strip so it's always within easy reach. Comes with 2 extra replacement bands. Its unique two-piece design permits you to take it apart and carry it in your sport bag or Robo-Tote. Pong-Pal works with either 40 mm or 38 mm ping-pong balls.
