DETAILS

Thanks to its DYNACELL sponge and its dynamic blade, the Perform 800 bat is a reference for OFF players in the table tennis world. The AERO and OFC technologies provide ball control and good contact, whilst the powerful grip displayed by its coverings ensures consistent trajectories and spin with every single shot.

SPECIFICATIONS

Features

- 1,8mm 'boosted' dynamic foam ensures an excellent speed play
- 5-star ITTF rubber ensures an excellent transmission of spin
- 5-ply blade will provide you both sensations and speed play
- Opti Feel Concept : Wooden fibres of each ply is perpendicularly positioned in relation to others providing increased stability. OFC provides the maximum sensation, an immediate gain in control and precision.
- The optimisation of the nature and structure of the material is the key to the elastic properties of a sponge and it takes energy release to a whole new level. This key now has a name: Dynacell
- AERO SOFT enables optimum transmission to the handle of shock waves created on impact with the ball. The hand's sensory system, with its improved touch interface, immediately processes the sensations necessary to provide the perfect response!
- Flared handle has a comfortable grip for everyone
