Railyard 8' Pool Table

The Railyard Pool table is made from reclaimed train rail and re-purposed hardwood timbers from century old railroads and special round date nail sites

Details

Specifications

The Olhausen Billiards Railyard pool table is a piece of American history. The Railyard features a trestle-style base with a section of decommissioned railroad rail from the early 1900s, manufactured by Tennessee Coal and Iron Company. Natural creosote-free North American hardwood crosstie timbers are used for the base frame with solid Hickory rails featuring Accu-Fast Cushions and unique numbered metal rail sites.

Color in images are for reference only and not to be used for final color matching.
Shades vary due to settings on your device’s screen and/or monitor.

Dimensions

- 33 1/4" L x 16' W x 30" H

Room Size Guide

Making your billiards table work in your space

GuideRoom size is determined by extending the pool cue from the playing area of the pool table (see diagram). This is the only true measure of the room required to play comfortably around your table. Any less room will require occasional use of a shorter cue.
