

25WEDGEWOOD-5|RUSTIC BROWN|HEMP/GUNMETAL|5 FOOT

Rustic Poplar Beam w/Edison Bulbs

Blending rustic, industrial and modern materials gives the Wedgewood a unique one-of-a-kind style! The Wedgewood is made from a hand-hewed poplar beam and cradle in a matte black bracket with square washers and bolts.

Details

Specifications

This fixture hangs from two open body turnbuckles attached to a single canopy. Included with the Wedgewood are 40W vintage round Edison bulbs.

All Carroll by Design products are built in the USA by skilled craftsmen. Each fixture is crafted with wood, brass, copper or steel to create beautiful and long-lasting lights. As with anything handcrafted, each of our lanterns is a unique piece and may display very small inconsistencies, like minor color variations and slight measurement differences. These small inconsistencies are to be expected and are not considered manufacturing defects.
