Free Local Delivery Lead Time: Arrives in 6-20 weeks

Stressless® Flora boasts a timeless and traditional design with a soft look and a sumptuous seat and back.

Details

Description

There is an elegant wood detail on the armrest, available in many different colours. Stressless® has mastered the science behind the sofa and cushion design to ensure the upholstery retains its neat and elegant shape. The cushions are contoured by French seams for a more precise look.

Careful thought has been put into the construction, angles and cushioning to provide exquisite comfort. The seat cushions have ComfortZones™ to enhance the softness and make the cushions adapt to your seating position. The Stressless® Flora sofa is the perfect spot for relaxing in style. To complete the seating area, we suggest you combine the Stressless® Flora sofa with a Stressless® recliner of your choice. The wide choice of upholstery and wood finishes allows you to create a lounge that suits your specifications and interior design.
