Specifications

The warmth of walnut veneer, available in a variety of finishes, silently wraps fabric inserts in the seat and back to provide hours of spectacular comfort. The metal bracket supporting the contoured back has just the slightest flex, and the seat height can easily adjust between 26" and 30" with our top rated gas-lift, while the chrome footrest adds a contrasting statement of modern design. All these features and the optional finish and fabric choices make the Vera an impressive addition to any home.
