Howard Miller delivers a brilliant modern take on a black grandfather clock with the Whitelock II.

Details

Specifications

The Whitelock II is a black grandfather clock featuring a gloss black finish on select hardwoods and veneers. A modern, flat top features simple but elegant lines while the platform base elevates the clock off the floor.

Polished chrome details draw this clock's design together. A polished chrome-finished bezel surrounds the gloss white dial, which features polished chrome finished Arabic numerals, hour markers, minute track, and hands. Polished chrome-finished decorative weight shells and the polished chrome-finished, grid pendulum adds to the linear appeal of this clock.

With beveled glass on the front and plain glass on the sides no detail was left unnoticed in this clock's design. The case interior is illuminated and is enhanced by mirrored back and bottom panels. The upper back panel is removable, allowing access to the movement and pendulum driver. Four-floor levelers level the cabinet on any surface.

Dimensions

- 76"H x 16"W x 10.75"D
